

Task 4 – Professional Email Etiquette

Email-1: Request for Assignment Extension.

To: rahul.sharma@vitbhopal.ac.in

From: ishita.25boe10156@vitbhopal.ac.in

Date: Monday 23rd March, 2026

Subject: Request for extension of Physics assignment.

Respected Sir,

My name is Ishita Patel, and I am a student of first year from branch Bioengineering and pursuing B.Tech degree.

I am writing this email to request an extension of three days on the Physics practical assignment. The assignment is due on Wednesday, 25/03/2026. Since last week I am struggling with my health thinking it would eventually become better through medicines. The medicines haven't improved my health. I had visited the doctor in the hostel; he suggested me to do reports from the hospital. I have attached the doctor's statement in the email for your reference.

I request you to extend the submission date of the assignment to 30/03/2026. Fifty percent of my assignment is completed. I assure you that I would complete all the tasks in the assignment and submit it by Monday, 30th march, 2026.

Thank you for your understanding.

Regards,

Ishita Patel

Email 2 — Summer Internship Enquiry

To: internships@biotechresearch.com

From: krish.25boe10156@vitbhopal.ac.in

Date: Monday 23rd March, 2026

Subject: Application for Summer Internship 2026

Respected Sir,

I would like to inform you that I am interested in joining the summer internship with the Analytics team at TechInnovations. I have gone through the email I received from your company regarding the summer internship program. I have also visited the website to check various fields available for internship.

I am a second-year student pursuing B.Tech in Electronics. I have learnt various coding languages from first of college. I have a strong background in Python and Java. As side course, I have learnt SQL as well. I believe this would be helpful in the analytics section of the internship programme. I have been actively participated in various clubs in their digital team.

I would like to apply my skills in the professional environment to check my potential and learn new skills. I am available for full time internship. I have attached my resume for your reference.

Looking forward to hear from you.

Regards,

Krish Khanna
